

NEW MEXICO MAN MAY HAVE BEEN ONE OF HOLD-UPS

"RED" BRUCE, OF PORTALES, N. M., IS ARRESTED AT TRINIDAD

J. Vicente Vigil, Ex-County Commissioner, Accused of Being Implicated in Attempted Pay Roll Robbery. Released on \$10,000 Bond—Hearing Postponed.

Trinidad, Colo., Aug. 30.—J. Vicente Vigil, former county commissioner of Las Animas county, who was arrested and lodged in jail last week, charged with complicity in the plot to hold up the paymaster of the Victor-American Fuel company, on the 14th of this month was released from custody Saturday afternoon on a bond of \$10,000 furnished by his brother, M. A. Vigil, his nephew, Juan Vigil and Senator Casimiro Barela.

Shortly after Vigil was given his freedom, D. W. Bruce, otherwise known as "Red" Bruce, who recently came to this city, from Portales, N. M., was placed under arrest at the postoffice by Deputy Sheriff George Titworth and Undersheriff Kreeger, charged with being implicated in the sensational attempt at robbery. Later in the evening Felix Gonzales was taken in custody by Undersheriff Kreeger and is being held on suspicion of having been one of the bandits. There is no direct evidence against Bruce and Gonzales, and they will be given an opportunity to clear themselves of the suspicion.

It is alleged that Vigil made a statement to the district attorney concerning the affair, which in a measure, implicates some of the men held, the substance of which has not been made public.

Raphael Martinez, the deputy sheriff, who rode in advance of the pay-wagon on the day of the hold-up, and who was shot through the arm is still at the hospital and was not able to appear at the hearing in Justice Stone's court Saturday morning, and for that reason the preliminary was continued until September 7th.

When the continuance was granted by the judge Deputy District Attorney Clark moved for the dismissal of Vicente Marquez, one of the suspects held, and he was accordingly released from jail. Marquez was dismissed because of the fact that there is no evidence which in any way connects him with the attempted robbery and holdup.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Never Known to Fail.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. For sale by all dealers.

Education is all right in its way, but the best housekeepers never get theirs from a correspondence school.

Surprise your stomach with the most delicious breakfast you ever tasted. TOASTED RICE FLAKES with cream. The most wholesome, the most palatable, the most digestible of all cereals. A big package for 10 cents.

Few men will stand for being eat upon.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

Diarrhea

Quickly Cured.

Chamberlain's Colic, Cholera and Diarrhea Remedy

Can always be depended upon.

During the summer months children are subject to bowel disorders and should receive the most careful attention. As soon as any unnatural looseness of the bowels is noticed Chamberlain's Colic, Cholera and Diarrhea Remedy should be given. Costs but 25 cents a bottle, and it is economy to always keep a bottle handy. You do not know when it may be needed, but when you do want it you want it badly. Get a bottle today.

NEW MEXICO AUTOISTS TO BOOM GOOD ROADS

Albuquerque, N. M., Aug. 30.—That the cause of better roads for New Mexico, a cause which the governor has taken a special interest in, will get a big boost during the Twenty-Ninth Annual Fair and Resources Exposition at Albuquerque in October, is evident from the plans of the New Mexico Automobile association. A series of good roads demonstrations will be made by this organization during the fair and it plans to have a series of brilliant parades which will form a most interesting part of the program for the fair amusements.

There are now nearly sixty licensed automobiles in Albuquerque and it is expected that a large number of machines will be in the city from outside towns during the fair. The association will turn out with gaily decorated machines as a guard of honor to President Taft on "Taft Day" and will furnish one more gorgeous feature of the tremendous ovation planned for the nation's chief executive while he is in Albuquerque.

Plans are being made for a big good roads meeting with the governor and territorial engineer and other experts during the fair. Every man who is interested in better territorial highways and consequently easier travel and better business should be at the fair and help along the good work.

A series of automobile races and exhibition runs at Traction park track during the fair is being planned. Automobile races are a new thing in the southwest and such a series at the fair is bound to prove one of the most popular events in the splendid program of sports and amusements.

The Crime of Idleness.

Idleness means trouble for any one. It's the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, and Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c at all druggists.

The average married man would almost as soon kiss his wife's mother as pay his church dues.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did, I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. O. G. Schaefer and Red Cross Drug Co.

Strangely enough, the hatchet-faced man doesn't cut much ice with the girls.

NEW MEXICO NEWS

The public schools in the Santa Rosa district, will commence the fall sessions, Tuesday, the 7th day of September. The staff of teachers that will be employed to conduct the schools during this scholastic year, will be of the best material that can be obtained, all of being of superior education and of an irreproachable moral and intellectual character.

The preliminary preparations for construction of the great Elephant Butte dam on the Rio Grande near Engle, Sierra county, are well under way, with grading done for the railroad spur, sites laid out for machine shops and other necessary equipment and telephone lines constructed. The work is temporarily held up because of delay in settling title to certain lands needed for the reservoir, but these will undoubtedly be adjusted before very long.

Work on the Santa Rosa water works plant is being pushed as rapidly as possible, and it is believed that all work necessary will be completed within a short time. The pipe laying in town, was completed some time ago and now the building of the reservoir northeast of Santa Rosa is going ahead at a rapid pace and the town will have its own water plant in working order soon notwithstanding the predictions of many doubting "Thomasess", who said it would be a complete failure.

Clark Rodgers, a wealthy rancher at Lane Mountain nine miles east of Silver City, shot and instantly killed C. G. Messeri, who had leased his fruit ranch, last Friday morning. The shooting was the outcome of a quarrel over the terms of the lease of the ranch. Self-defense is claimed by Rodgers. He says that the dead man went after a gun and he shot twice with a revolver. Definite details of the shooting have not reached Silver City yet. Rodgers was released on \$3000 bonds at his preliminary hearing.

F. Whitney, of Cimarron, Colfax county, has just received a patent for a combined bed-sheet and shelter-tent. The sheet is for use by stockmen which may be quickly supported in the form of a shelter tent, the device being so constructed that it can be readily packed for transportation and which is complete in one piece with ropes attached so that it may be adjusted with supports as a tent, or when desired may be used as a bed sheet, the stockman having the complete device in compact form at all times, except the supports, which can readily be obtained.

Anastacio Aguirre, an alleged murderer and a native of Silver City aged about 28 years, was captured on a ranch near Hillsboro last week by Deputies R. G. Putnam and Ray Grayson and taken to Silver City by Sheriff McGrath and landed in the county jail there. The crime of which Aguirre is accused happened three years ago, October, 1906, when Aguirre, it is alleged, shot and killed Augustine Montenegro. Aguirre took to the hills and despite a relentless search for him was never captured, and it was only by the merest accident last week that his whereabouts were discovered.

An important meeting of stockmen was held last week at Magdalena, Socorro county, to meet F. S. Tallaferrero, land agent of the Santa Fe railroad to take up the matter of the renewal of leases on railroad lands. The announced purpose of the Santa Fe to increase the rental on their lands to one cent per acre more met with rather vigorous protests upon the ground that this had been a hard year both on the cattle and sheep industry. Other reasons were also advanced against the increase, upon which the lessees were given the assurance that the rental would probably remain unchanged for the present year.

Clarence R. Phillips, postmaster at Jemez, Sandoval county, who was found short in his accounts and taken to Albuquerque, by Postoffice Inspector Dutton and Deputy Sheriff Jack Dixon, made a written confession of his misdeeds and was bound over to the United States grand jury under \$500 bonds. Phillips was caretaker of the Jemez hot springs before he became a postmaster, and very little is known of his past. He will tell practically nothing. His shortage in a few months amounted to \$330. According to the United States marshal's office the government received no report from Phillips all during the year he was in

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — MRS. EMMA INSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

office. After numerous requests for a report Inspector Dutton was sent to make an investigation, which resulted in Phillips' arrest. M. Abousselman and Dr. Shields, one a merchant of Jemez and the other a physician, were Phillips' bondsmen, and they made good the shortage. Both were witnesses before United States Commissioner Whiting at the preliminary hearing held in United States Marshal Foraker's office at Albuquerque.

Elida, Roosevelt county, was again visited by a disastrous fire Monday of last week. The blaze originated in Boyd's butcher shop and before being brought under control the Elida hotel, McAllister & Sharrock's general merchandise store and Boyd's meat market were in ashes, causing a total loss of \$20,000, partially covered by insurance. A high wind blowing at the time fanned the flames. The origin of the fire is a mystery. The destroyed buildings will be rebuilt as soon the insurance is adjusted. Scarcely a week passes in New Mexico, that a disastrous fire does not occur in one of the many new towns.

General E. D. Thomas, commanding the department of the Colorado, has ordered two troops of cavalry now stationed at Fort Wingate to proceed to Albuquerque in October to act as an escort for President Taft during his stay in that city. General Thomas has also announced that he will be in Albuquerque on the occasion of the President's visit and will probably remain during the territorial fair. The troops ordered to Albuquerque are from the Third cavalry and will be under command of Captain F. R. McCoy. They will make the trip overland to Albuquerque on a practice march and will probably arrive on October 10th, leaving on October 17th for the fort.

Warden Tynan of the Colorado state penitentiary at Canon City is arranging to send another squad of convicts down to the road-making camp in Las Animas county. There are about sixty prisoners in the camp at the present time and the number will be increased to eighty-five or ninety. It is understood that with the added force of workmen it will be possible to complete by the end of October the boulevard upon which the convicts have been at work for more than a year, from Trinidad to its connection with the New Mexico road system at the southern boundary of Colorado. When the work in Las Animas county is finished, the convicts will be put to work constructing the proposed road between Canon City and Colorado Springs, upon which the survey is practically completed.

Intense Colicky Pains Relieved.
"For some years I suffered from intense colicky pains which would come on at times and from which I could find no relief," says I. S. Mason, of Beaver Dam, Ky. "Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by all dealers.
